Summary

Computer Science and Design undergraduate with experience in Generative AI, RAG systems, and Full Stack Development. Skilled in FastAPI, React, LangGraph, and Large Language Models. Currently working as a Generative AI & Full Stack Development Intern.

Education

Dayananda Sagar College of Engineering, Bengaluru <i>B.E. in Computer Science and Design</i>	2023 – 2027 <i>CGPA: 8.94/10.0</i>
MDS Public School, Udaipur <i>Class XII (CBSE)</i>	2021 – 2022 <i>Percentage: 80.40%</i>
MDS Public School, Udaipur <i>Class X (CBSE)</i>	2019 – 2020 <i>Percentage: 84.60%</i>

Technical Skills

- **Languages:** Python, Java
- **AI/ML:** Generative AI, Agentic AI, RAG, MCP, LangChain, LangGraph, LLMs
- **Full Stack:** FastAPI, React
- **Databases:** PostgreSQL, Qdrant, Redis, MySQL
- **Dev Tools:** Docker, Git, GitHub

Experience

Generative AI & Full Stack Development Intern <i>AllCognix AI Technologies</i>	May 2025 – Present <i>Remote</i>
• Built agents and multi-agent workflows using LangChain and LangGraph for social media automation platform. • Developing AI-powered template generation features using LLM APIs. Technologies Used: React, JavaScript, FastAPI, Python, PostgreSQL, OpenAI API	

Projects

SignalStack : AI-Powered Hiring Platform	Hackathon 2026
• Developed an AI-powered hiring platform leveraging GitHub activity for candidate assessment. • Developed a FastAPI backend integrating GitHub API and Gemini 2.5 Flash for AI-driven candidate evaluation. • Developed a React + Vite dashboard with scoring, audit logging, and evaluation workflows.	
GitaMind : Bhagavad Gita Agentic RAG Assistant	2026
• Developed an Agentic RAG assistant grounded in the Bhagavad Gita using LangGraph orchestration. • Implemented planner, router, and critic agents with verse-level citation support. • Integrated Groq LLaMA-3.1, Qdrant vector search, and a FastAPI-based voice-enabled interface.	

Achievements

- Secured 3rd Runner Up position at Hackedemia, a 24-Hour National Hackathon held in Bengaluru.
- Qualified for the College Level Round of Smart India Hackathon (SIH) 2025.
- Secured an All India Rank (AIR) of 20,587 in JEE Advanced.

Certifications

- **Introduction to Machine Learning (Elite)** – NPTEL, IIT Madras Jan–Apr 2026

Leadership & Volunteering

- Operations Team Lead, Udaya 1.0 Hackathon (CSD Department) – Coordinated event operations and volunteers.
